

NONA Child Development Centre Programs

Referrals can be made directly to NONA by families or any community resource with parent consent. Current programs include:

- **Infant Development Program** is for families whose children (birth to 3) are at risk for developmental delay or who have a diagnosed disability.
- **Supported Child Development Program** is for families whose children (birth to 12) require extra support in their daycare, preschool or out-of-school care program.
- **Physio-Occupational Therapy** is available to families whose children (birth to 5) need help with feeding, self-calming, moving around independently and self help skills.
- **Speech-Language Therapy** is available to families whose children (birth to 5) require help with understanding language and/or expressing themselves.
